Dear Shri Chavan Saheb.

Please find the enclosed applications.
applicants are Lamanis (except two) from
different Tandas. They have been cultivating
Forest Survey nos on agri-silvi system since long.
They are now served with quit notices. They were
similarly served with notices even last year. But,
on representation, Govt was pleased to continue
the lands. Subsequently, it was given to understand
that they would be continued on certain conditions
to the backward class people provided that
they had no lands of their own. It created an
impression that the Lamanis & backward class
people would be allowed the possession of the
lands. That is why it is not possible to under-
stand the significance of the quit notices. It will
be better & kind of Govt if they continue the lands
& subsequently formulate a definite policy in
this regard. Govt may also continue the lands
for the present & leave the matter to the future
Karnad State. It is my humble request to you to
continue the lands at least in the case of backward
classes.

Yours sincerely
Sh Kantai
M.L.A.

Shri. Gangappa Kemappa Nayak who possess an area of 8 acres and 15 guntas of his own and has brought an area of 8 acres and 9 guntas out of 12 acres granted to him for cultivation and has spent Rs.800/- to 900/- for bringing the land under cultivation.

His family consists of eight members and the economic holding prescribed in G.R.R.D.No.LND-3955/97031 dated 20-10-1955 is 16 acres of Jiravat land for a family of five members. So the economic holding as per G.R.quoted above with reference to his family membersx work out to 25.60 acres. So it will be seen that the economic holding of the applicant will not exceed in case the area granted on agri-silvi is converted into inforest settlement plots. It is reported cox that the lessee has not fulfilled the terms of the agreement.
